Mr. Greg Johns  
Vice President  
greg@windgenuity.com.au

Saturday 21 January 2023

We inform you that, due to unpleasant behavior, trust in the outgoing President Maurizio Bufalini and Vice President Greg Johns has been lost. We have therefore decided to tender our irrevocable resignation with effect from the day following the convocation of the next Elective Assembly (AGM), having already renounced our candidacies by informing the Italian Class.

We reserve the right to represent the reasons in the most appropriate ways, times and places.

However obvious, we remain available and await instructions to carry out the handover.

We hope that our collaborative contribution in the interest of the renaissance of the windsurfer class with the conception and implementation of the new Windsurfer LT project has been appreciated.

All our efforts, as you will agree, have been made with a lot of personal time and without any lucrative purpose to create the best sporting present and an even better future of the reborn Windsurfer Class.

Best regards,

  
Executive Secretary
